Third year at the Faculty of Automatic Control and Computer Science

Oct. 2020 – present

Iasi, România

PROJECTS - ALL AVAILABLE ON GITHUB

Database Managing App for the Students' League of AC

December 2022

Faculty of Automatic Control and Computer Science

- The Back-End was done with Python and Flask, the Front-End was done with HTML, vanilla CSS and JavaScript. I used Oracle as my database management system.

Color Guesser

August 2022

Free-time project

- Easy game where you have to guess the color that an RGB code indicates. The Back-End was done with JavaScript and the Front-End was done with HTML and vanilla CSS.

Website for the "LAN Party 2022" event | *HTML-CSS-JS*

March 2022

Project developed within the Students' League of the Faculty of Automatic Control and Computer Science

- I created the website's template using Adobe XD. I developed the main page of the website using vanilla HTML and CSS
- I coordinated the team that finished the project

Website for the "DevelopMe 2022" event | *HTML-CSS-JS*

March 2022

Project developed within the Students' League of the Faculty of Automatic Control and Computer Science

- I created the website's template using Adobe XD
- I developed the website alongside the department's representative using vanilla HTML and CSS, JavaScript for animations and a countdown, PHP for a basic emailing service
- I also managed to connect an HTML form with a Google Form, creating the sign up form for the event

EXPERIENCE

Students' League of the Faculty of Automatic Control and Computer Science

March 2021 – present

LSAC President

May 2022 – present

- I am coordinating the extended board formed of 10 directors and assistant directors
- I take care of the welfare of the association the organization of most of our events
- I ensure a good communication between the league and **The Faculty of Automatic Control and Computer Science** and between the league and **our sponsors**

LSAC Coordinator of IT Department

June 2021 – May 2022

- I developed the websites for two of our events, "LAN Party" and "DevelopMe"
- I coordinated the IT Department of LSAC, both in terms of the maintenance of our website, www.lsaciasi.ro, and within our main events
- I developed my HTML, CSS and JavaScript skills
- Member of the extended board of LSAC Iasi
